

29 JUNE 2024 - 12 JULY 2024

**Domain / Internship Title :**

Dynamic web page  
designing using React

**Keywords :**

Web Development,  
React,  
Dynamic Web Page Designing,  
API,  
JS Framework

**Project Name :**

You can write domain name as  
project name / title **OR**  
Real Time API handling with  
React

**Abstract:**

In this internship we are going to work on dynamic webpage designing. React is javascript web framework which is very popular and one of the most important part of full stack web development. Application Programming Interface ( API ) is one of the most important data source. In this internship we will going to work on some live APIs to create real time dynamic web page. In order to fetch some live data we will use some concepts of http ( request - response mechanism ) and ES6.
